

# THIS INFORMATION MAY SAVE YOUR LIFE

## IF YOU'RE STUCK ON THE TRACKS, GET OUT OF YOUR VEHICLE!

If your vehicle is physically on the train tracks at a grade crossing and the lights begin to flash, you may only have 20 seconds to escape before the train makes it to your location. **Twenty seconds** is the minimal amount of time that it takes a train to reach the grade crossing once the warning lights activate.

**If this happens to you, remember the word "GO," as in GET OUT of your vehicle!**

Once outside, run in a 45 degree angle away from the tracks in the direction that the train is coming, then **immediately dial 911**.

# THIS INFORMATION MAY SAVE YOUR LIFE

If you are stuck on the tracks, and there are NO WARNING LIGHTS, or the warning lights HAVE NOT ACTIVATED YET, **GET OUT of your vehicle and immediately dial 911 and the ENS (Emergency Notification System) number** located on the railroad crossing posts or the metal control box near the tracks. Provide the location, crossing number (if posted) and the road or highway that intersects the tracks. **Be sure to specify that a vehicle is on the tracks!**

## Railroad Emergency Notification numbers:

Amtrak	1-800-331-0008
BNSF Railway	1-800-832-5452
CSX	1-800-232-0144
Canadian National	1-800-465-9239
Canadian Pacific	1-800-716-9132
Kansas City Southern	1-800-892-6295
Norfolk Southern	1-800-453-2530
Union Pacific	1-888-877-7267

Amtrak is a registered service mark of the National Railroad Passenger Corporation.
